Born For Excellence

King of SUVs with a dominating presence

Based on the famous BJ212, the BJ40 Plus is designed as a thoroughbred SUV. An embodiment of simple, strong and imposing features. Its dashing profile is a perfect confluence of toughness, elegance and sophistication.

Robust & Fearless

Customized functions to resonate with your personality

Embark on your dream adventures with the new BJ40 Plus. Embrace new challenges in your travels with confidence.

Dedicated Off-Road Instrumentation

The dashboard displays all essential information such as gradient, direction, altitude and atmospheric pressure; so drive with ease and travel care free.

Smart Functions

The operation of BJ40 Plus is easy and convenient by virtue of ergonomic design and attention to detail, e.g. cup holders, panoramic reversing radar, powered foldable side mirrors and overhead stereo system.

Multiple Body Configurations

The roof, doors and windscreens are easily detachable. BJ40 Plus offers the unique ability to adapt perfectly to any situation.

Oversized Trunk Space

The seats can be folded as needed. When the rear seats are collapsed, you may have a storage up to 600L.

Explore The Unknown

Ultimate performance for the drive of your life

Venture into the uncharted with unquestionable reliability of the BJ40 Plus. This extraordinary SUV boasts unbridled power, opening roads to new horizons.

Selectable 4x4-Drive Modes

BJ40 Plus performs under all kinds of weather and through all terrain. 4L mode magnifies torque 2.5 times to a hefty 542NM.

-  2-wheel rear-drive
-  High-speed 4-wheel drive
-  Low-speed 4-wheel drive

Strong Separate Frame Construction

BJ40 Plus boasts a separate frame construction, which increases its torsional stiffness by 40%. The cross section of the frame beam is 138x60mm².

Safe and Reliable
A standard configuration of ultra-high anti-roll frame in the front and rear constitutes a natural barrier to protect passengers and ensures safety. The anti-compressive stiffness of the roof is up to 22240N.

Superior Torque Delivery

High-efficiency power output: Reaches 82% of peak torque at 1200rpm and 90% at 1600rpm.

Off-Road Capabilities
Approach angle is 37°, departure angle is 33°, ramp-over angle is 24°, and the min. ground clearance is 210mm.

Luxurious & Comfortable

Built tough for a carefree and thrilling ride

Built diligently with a robust design to cater to your adventurous lifestyle. Dare to venture on a riveting journey with the BJ40 Plus.

The BJ40 Plus is manufactured and tested as a military vehicle, with a comparable set of attributes. It is the perfect choice for a safe and secure, yet exhilarating experience.

To Military Standard

This SUV employs military technology, e.g. metal brake lines and all-floating drive axle.

Tested like a military Vehicle

BJ40L Plus has successfully passed a road test of over one million kilometers.

1.1 MILLION KM / tested as a military vehicle

BJ40

Robust & Fearless
