TIGGO 8 PRO

EXTRAORDINARY DESIGN

A Revolutionary & Sleek Look that will Drive Your Expectations to the Next Level.

Step In and step up your drive with the all new Tiggo 8 Pro. Luxuriously detailed & designed, packed with the latest comfort, safety, technology & convenience features. The Tiggo 8 Pro is a 7-seater turbo charged premium SUV ideal for those on the rise.

A Redefined Luxury Experience:

The Tiggo 8 Pro seats are designed to give the impression of a more spacious and cushioned space. The thickened side wings and aviation style headrest offer unparalleled lumbar support. Equipped to provide the most comfortable experience, the driver seat comes equipped with a 6-way electric adjustment which can be moved into pre set positions simply at the push of a button.

LED AUTOMATIC HEAD LAMPS WITH SEQUENTIAL TURN SIGNALS

The LED high and low beams adopt a multi-cavity reflective matrix that charges up a futuristic presence. The lighting efficiency is about 2.7 times as compared to the traditional halogen lamp, giving you better visibility of the road.

LED TAIL LAMPS WITH SEQUENTIAL TURN SIGNALS

The tail lamp is a multi group thick walled full LED crystal lamp with high power LEDs combined with greatly recognizable sequential turn signals.

WIDE PANORAMIC SUNROOF

The Tiggo 8 Pro offers an extraordinary panoramic view of the sky with a one-touch On/Off functionality. The glass anti-pinch is designed to protect occupants from any accidental injury.

CENTRAL ARMREST COOLING BOX

The central armrest with refrigeration function keeps your beverages cool on the go.

EMBRACING CABIN

The wide body cabin is designed to provide you luxury and convenience without cluttering your surroundings. With dynamic tech, the seat is designed with surround-wide schematics and elegant interiors that promises a luxurious experience.

MULTI-FUNCTION LEATHER STEERING WHEEL

A versatile electric steering wheel that can adjust to suit your preferred driving position. Equipped with multi-functional buttons, enabling quick choices with minimal distraction.

SPACIOUS CABIN

This roomy cabin features multiple horizontally integrated touch screens and controls within reach. The cabin design not only provides maximum comfort but also results in greater peripheral vision for an enhanced driving experience.

DUAL ZONE AUTOMATIC AIR CONDITIONING SYSTEM

Intelligent dual zone air conditioning with rear AC vents and independent air outlets for the back seats which brings extraordinary comfort.

N95 LEVEL PROTECTION

The N95-level air-conditioning purifier filters more than 95% of particles and pathogens with filter efficiency of more than 0.3 μm particles. With diameter greater than 0.7μm, it has reached N95 mask level filtration efficiency.

AUTOMATIC EXTERIOR MIRRORS

Electric exterior mirrors are equipped with memory function that moves automatically to their preset positions. The integrated LED turn signals gives more visibility for a safer drive.

FLEXIBLE AND LARGE TRUNK SPACE

With third row seats down, the boot space is a massive 2101L, and even with these rear seats raised for the maximum seven-person occupancy, the boot space is still a very generous 1179L.

AUTOMATIC SENSING TAIL DOOR

The Tiggo 8 Pro electric tail door opens automatically when the remote control is brought within 1 metre of the tailgate, sparing you the inconvenience of having to search for your key when you want to load up the boot.

EXTRAORDINARY COMFORT

A 4,722mm super long body with a 2,710mm wheelbase of the same class. Powerful and luxurious, The all-new Tiggo 8 Pro promises extraordinary comfort for your journey.

EXTRAORDINARY TECHNOLOGY

A technology agile machine, equipped with high-functioning intelligent systems for a smooth cruising experience

360-DEGREE AVM (AROUND VIEW MONITOR)

With its HD quality, wide-angle image, AVM (Around View Monitor) makes it easier to observe the obstacles around the vehicle, making it simple for even novice drivers to park, and reducing accidental bumps during parking or low-speed driving. The panoramic view is automatically activated when the reverse position is engaged and at a speed of less than 20 km/h when steering. The setting interface of the central control screen can be switched on and off, and goes off automatically when the vehicle's speed is greater than 20 km/h.

EPB + AUTOHOLD

The Tiggo 8 Pro's parking brake is activated by an electronic lever tab to make sure that the braking force can be applied to each wheel without differentiation. Autohold maintains braking after the brake pedal is depressed. This is deactivated when the accelerator is tapped.

ADAPTIVE CRUISE CONTROL

Monitoring road conditions, vehicle spacing, automatic speed regulations and start/stop.

AUTONOMOUS EMERGENCY BRAKING

Real-time monitoring of emergency collision risk, braking to reduce accidents.

BLIND SPOT DETECTION

Detection range of radar wave: 3m*3m behind the vehicle.

FORWARD COLLISION WARNING

Monitoring emergency collision risk, audio alarm reminding driver to brake.

INTELLIGENT HIGH-BEAM (HEADLAMP) CONTROL

Monitoring light from other vehicles, automatically switching high/low beam.

LANE DEPARTURE WARNING

Monitoring lane lines, warning about and displaying unintentional departure.

Advance Driver Assistance System (ADAS)

Chery TIGGO 8 Pro is equipped with ADAS functions which helps protect you while driving, allowing you to enjoy high end driving safely.

10.25-INCH INFOTAINMENT DISPLAY WITH SONY SPEAKER

The 10.25-inch central control HD infotainment system provides numerous functions such as multimedia, communications, driving information, offering easy access while you drive. Tiggo 8 Pro is IOS and Android enabled, allowing for voice-activated phone calls, voice-activated music, and voice-activated navigation commands

WIRELESS CHARGER

Tiggo 8 Pro's wireless charger allows you to power up your devices without having to plug them into an outlet

12.3-INCH LCD INSTRUMENT SCREEN

The 12.3-inch ultra high resolution instrument screen of Tiggo 8 Pro provides all the necessary information at a glance. The instrument screen can interact with the infotainment screen & air conditioner screen to realize information interaction, including navigation, multimedia, Bluetooth phone, making driving full of fun.

8-INCH AC SCREEN

Harboring a futuristic design, the unique 8 inch intelligent AC touch screen is scratch proof, dust, proof, water proof and corrosion resistant, providing you a high end luxury experience.

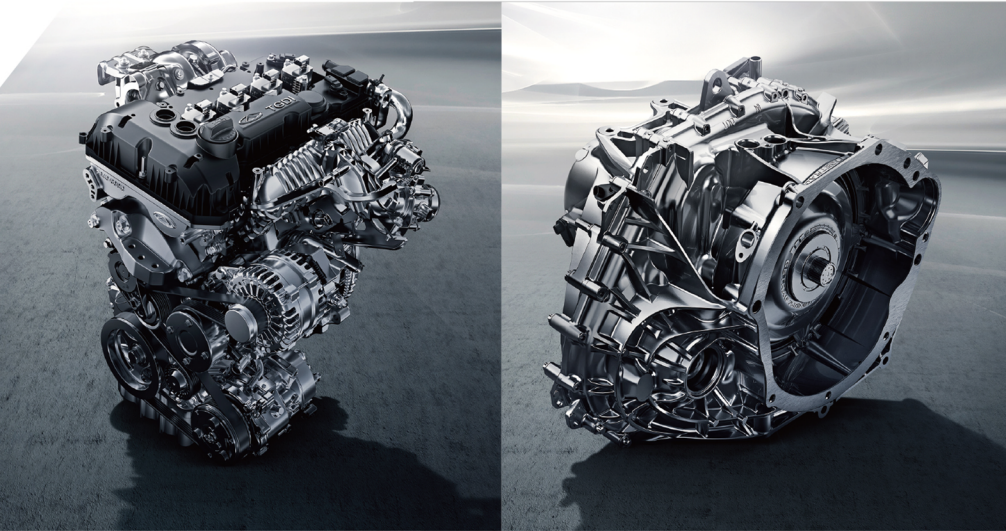

ELECTRONIC GEAR SHIFTER

The Tiggo 8 Pro's high-tech electronic gearshift is unaffected by terrain when parking, making parking precise and effortless. The Tiggo 8 Pro shifts between different driving modes according to the road conditions you face, saving you fuel and enhancing your drive.

EXTRAORDINARY POWER

Inspired by innovation, driven by modern engineering & equipped with high-tech revolution!
The Tiggo 8 delivers the perfect blend of luxury and power.

1.6TGD ENGINE WITH 7DCT TRANSMISSION

Power with the highly efficient 1.6TGD engine equipped with 7DCT transmission. The maximum power of the engine is **145KW** and the maximum torque is **290N.m** at 2000 - 4000rpm, enabling more direct power output and higher transmission efficiency.

AUTOMATIC START/STOP

The Tiggo 8 Pro's engine starts and stops automatically to reduce emissions and fuel consumption

EXTRAORDINARY SAFETY

Driven by modern engineering, the Tiggo 8 Pro is fully equipped with an efficient airbag system for comprehensive and thoughtful protection against impact.

6 GUARD-RING AIRBAGS

The Tiggo 8 Pro is equipped with the leading guard-ring type airbags, providing comprehensive protection in the event of a collision. These include front driver and passenger airbags, front side airbags and overlong side curtain airbags that shield the interior of the cabin

6-ring airbag

ACTIVE SAFETY FEATURES

Anti-lock Braking System (ABS) | Electronic Brake Force Distribution (EBD)
Brake Assist System (BAS) | Brake Override System (BOS)
Electronic Stability Program (ESP) | Traction Control System (TCS)
Emergency Brake Assist (EBA) | Hill-start Assist Control (HAC)
Hill Descent Control (HDC) | Direct Tyre Pressure Monitoring System (TPMS)

HIGH STRENGTH STEEL BODY

The Tiggo 8 Pro is built on the T1X platform. This chassis has been deliberately crafted to enable better headroom for front and rear seats, as well as higher ground clearance. The high approach and departure angles also ensure better off-road performance if and when required
