# MG HS

sets a new standard in SUVs. Refined style, uncompromising safety, and dynamic performance, with the finest technology. It offers charm and capability, giving you a thrilling experience like never before.

## A MASTER-CLASS IN SPATIAL COMPOSITION

The interior of the HS Essence is intuitively designed to deliver a driving experience that is not only comfortable but light, spacious and enjoyable. The connectivity to your work, play and entertainment via the class-leading 10.1" touch display is seamless, ensuring a level of luxury that will never fail to impress you.

### SUPERIOR SEATING

Carefully designed seats provide comfort and support in all the right places. With a one-piece back, the sports seats are heated and include six-way electric adjustment.

### SOFT TOUCH INTERIOR

From interior door trim to the leather seats, rich, soft touch materials provide a luxurious feeling.

### CUSTOMISABLE AMBIENT LIGHTING

Set a softer mood or create a sportier feel with the full-spectrum ambient lighting option.

### THE NEW STANDARD IN SAFETY

There is no compromise on safety as the new HS Essence sets a new standard with 6 SRS Airbags.

Designed to inspire a new spirit, the interior of the HS Essence offers customisable luxury with the essence of a sports car - an embodiment of MG's British racing DNA. Flaunting the perfect combination of a race car and an SUV, the interior gives you maximum accessibility while keeping a spacious feel, making the driving experience nothing short of amazing.

# A STYLE YOU HAVE NEVER SEEN BEFORE

The headlights are sleek and stylish which provide enhanced visibility for clearer and safer turning. The Auto-Dipping high beams are a cherry on top. The HS Essence also has large 18" Diamond-Cut Alloy wheels that are bound to turn heads and create a bold statement on the road.

The rear is even classier with twin tailpipes and an aluminium lower bumper with a sporty finish.

Auto-Tailgate

 Folding Door Mirrors With  
 LED Indicators

## THE MG ADVANTAGE

At MG, innovation runs deep, so when it comes to safety, we have gone above and beyond in the all new HS Essence by incorporating the latest safety technologies into a single platform, we call MG PILOT.

With its Active Driver Safety features as standard, MG PILOT is constantly sensing your surroundings, on the lookout for unseen hazards. With the ability to react autonomously in situations where driver safety is at risk, take comfort that you and your family are backed by a new level of safety intelligence.

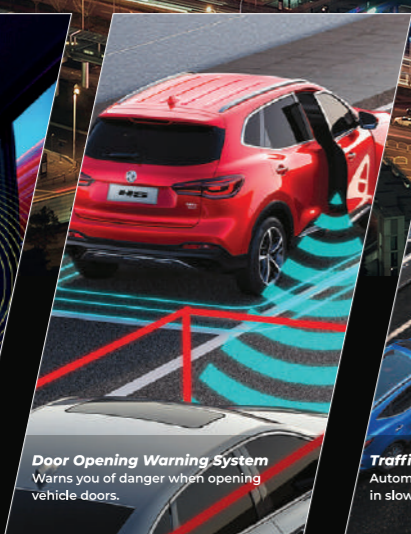

## MG PILOT

# WHY SHOULD AIRPLANE PILOTS HAVE ALL THE FUN?

**Blind Spot Detection System**  
Detects and monitors blind spots through door mirror cameras and rear sensor.

**Door Opening Warning System**  
Warns you of danger when opening vehicle doors.

**Traffic Jam Assist**  
Automatically follows the vehicle in front in slow traffic.

**Lane Departure Warning**  
Prompts by warning you when your HS Essence is shifting lanes.

**Rear Cross Traffic Alert**  
Warns the driver when reversing from a parking space to avoid any collision.

**Lane Keep Assist**  
Alerts the driver and keeps the car between lane in case of unconscious drifting by detecting the distance between the wheels and the lane marking.

**Adaptive Cruise Control**  
Detects the front vehicle position and keeps a safe distance between your HS Essence and the car in front.

**Intelligent Headlamp Control**  
Uses cameras and sensors to identify oncoming vehicles and switches between high and low beams accordingly.

\*The above safety features are driver assist technologies that are not a substitute for safe and attentive driving or for the drivers control over the vehicle.

# 5 DRIVING MODES

HS Essence is equipped with 5 driving modes. Each mode adjusts the power delivery, steering and air conditioning system as per driving requirements.

## ECO

Low Energy State, Perfect For Slow Moving Traffic

## NORMAL

Ideal For Daily Driving

# OUR FAMILY

Step into the MG family, where innovation meets elegance in every model. At the heart of our lineup is the MG HS, an amazing combination of sophistication, performance, and safety. With its sleek design and cutting-edge features, the HS is more than a car; it's an experience but the MG family extends beyond this. It showcases the MG 4, a revolutionary electric vehicle that exemplifies eco-conscious driving without compromising style. The MG ZS, a compact SUV, combines urban flair with durability, ensuring versatility for any adventure. Meanwhile, the MG 5, a dynamic sedan, seamlessly merges performance and practicality. In our family, each member represents a commitment to excellence, innovation, and the joy of driving.

## Book a test drive today

Embark on the ultimate driving experience and book your test drive today and feel the thrill of MG innovation firsthand. Whether you're drawn to the sleek lines of the MG HS, the eco-friendly allure of the MG 4 EV, the versatility of the MG ZS, or the dynamic performance of the MG 5, book a test drive and find the perfect match for your driving aspirations.

- Driving Modes: Normal, Eco & Sports

**MG HS AWD**

## ADVENTURE EVERYDAY

For those who need the power and performance of an all-wheel drive with sleek styling and modern refinements, the MG HS AWD has you covered.

Powered by a 2.0L Turbocharged petrol engine, the MG HS AWD reaches 0-100km in 8.6 seconds. What's more, the AWD HS variant delivers a maximum power output of 168 Kw and 360 Nm. maximum torque.

The powerful 2.0L Turbo engine is ideal for reactive driving in urban environments as well as navigating those longer rural road trips. In addition, the premium Michelin tyres are also adaptive to both city and country terrain, ensuring uncompromised performance on and off the beaten track.
